Here's a copy of the flyer being sent out by the library. Let's not forget this date to show off some of our planes and help promote the hobby of radio control flying. We'll need as many members as we can get to help with this project so set aside a few hours and come on out to the library.

Dennis Runge

Hi Everybody,

I'd like to thank everybody that helped at the warbird fly-in to make it another successful event for our club.

There are still open dates on the mowing schedule. Check out the list on our website and sign up for a week next time you're at the field.

The next thing our club has in the works is putting on the display and possibly flying demo at the Franklin Library, July 31st, from 1 to 4. Set aside a few hours and help make this another successful project for our club.

Let's not forget: the last member to leave the field has to make sure the restrooms and frequency shed are locked and secure.

Enough said. See you at field. HAPPY FLYING.

Denny

A little boy got on the bus, sat next to a man reading a book, and noticed he had his collar on backwards.

The little boy asked why he wore his collar backwards.

The man, who was a priest, said, 'I am a Father.'

**The little boy replied, 'My Daddy doesn't wear his collar like that.'
The priest looked up from his book and answered, "I am the Father of many.'**

The boy said, "My Dad has 4 boys, 4 girls and two grandchildren and he doesn't wear his collar that way!"

The priest, getting impatient, said. 'I am the Father of hundreds', and went back to reading his book.

The little boy sat quietly thinking for a while, then leaned over and said, "Maybe you should wear a condom, and put your pants on backwards instead of your collar."
