

Hangar Talk

Issue 6-June 2011

NEXT MEETING
June 20th, 7:30

From the Prez'
Club President Bob Kleis

"Hi Guys"

As the weather has gotten nicer, I began to drag out my electrics and get them ready to fly. I was shocked and sad to find two different airplane battery packs had puffed over the winter. My lazy ways have cost me. I didn't put them on storage charge and I have apparently paid for it. I went through and put them all on storage now, sort of closing the barn door after the horse ran away. It cost me. I will hopefully do better in the future. Interestingly, it was not the cheap [Hobbyking](#) packs but the [Thunderpower](#) that succumbed to my neglect. Live and learn. See you at the field (with my new batteries.)

The VP's Perspective
Club Vice President Mike Bryant

Hey all,

Hope to see you at the next meeting.

See You Out There

Mike

Two elderly women were eating breakfast in a restaurant one morning. Ethel noticed something funny about Mabel's ear and she said, ''Mabel, do you know you've got a suppository in your left ear?' Mabel answered, 'I have a suppository in my ear?' She pulled it out and stared at it. Then she said, 'Ethel, I'm glad you saw this thing. Now I think I know where to find my hearing aid.

Fred Rasener – Recording Sec.

**Meeting Minutes
May 16th, 2011**

Meeting called to order at 7:30

Minutes – read and accepted

Treasurer's report – read and accepted

OLD BUSINESS

- 1) Army Sergeant Kevin Leahman is organizing a Fun day at Camp Atterbury on Wednesday June 29th. He requested a demo/air show from the club. The set up will be on a soccer field size area. Unloading allowed, but cannot park cars at site. Let Bob Kleis know if you want to participate.
- 2) Denny's grandsons with his supervision did recent mowing at our field. They plan to do more mowing as the season progresses.
- 3) The new gravel on the parking lot was delivered and spread by Mike Bryant's brother in-law.
- 4) The high water continues to be an issue and the club needs to develop a plan to submit to the park board for approval. We discussed several options to improve drainage.
- 5) Shoop's fly-in was a great time by all who turned out, in spite of the rain showers. Reported to have 24 or so pilots and lots of good food.

NEW BUSINESS

- 1) The contract with the park board needs to be renewed. This time the board has requested the field be open to all fliers unless a special event is being held. This raises many concerns, as an AMA membership was required in the past. Bob has communicated with the AMA on this and they commented that many other fields on public land are run this way. Consensus was that the club should attend a board meeting and emphasize the importance of AMA membership and rules we have set up for the field.

SHOW & TELL –

Brian Cassidy brought a foam Corsair to show. It is an electric RTF from Hobby King 90% complete as you get it. Price \$69.95 He has yet to fly it so flying report to come later.

Bob Kleis brought his big Beaver. Wow what a nice airplane. It is an ARF from Kondor Model Products has a 92" wingspan and is powered by a 30cc SISA gas engine. Good looking yellow and green trim scheme. Maiden flight is yet to come.

MEETING ADJOURNED

8:10 pm

From the Editor

Dennis Runge

Hi Everybody,

Well, we've finally gotten a break from the high temps and actually had some real good flying weather lately.

The field is looking great after all the standing water earlier this year, thanks a lot to Wilson and all the work he's done to get water moving in right direction to drain. There's still work to be done but we're moving in the right direction.

Let's not forget the demo/fly at Camp Atterbury the 29th of this month for the troops. It's on a Wednesday but if you can make it it should be a good time and well be great PR for our club with the base.

Let's not forget: the last member to leave the field has to make sure the restrooms and frequency shed are locked and secure.

Enough said. See you at field. HAPPY FLYING.

Denny

When the husband finally died his wife put the usual death notice in the paper, but added that he died of gonorrhoea.

No sooner were the papers delivered when a friend of the family phoned and complained bitterly, 'You know very well that he died of diarrhoea, not gonorrhoea.' Replied the widow, 'I nursed him night and day so of course I know he died of diarrhoea, but I thought it would be better for posterity to remember him as a great lover rather than the big shit he always was.'

Next Meeting:

**June 20th, 2011 7:30 PM
at field, weather permitting
or at Parks Office**
