

Hangar Talk

Issue 04- May 2009

NEXT MEETING
May 18th, 7:30

From the Prez'
Club President Bob Kleis

"Hi Guys"

Field Maintenance Day
Saturday April 25, 2009

We had a great day at the field Saturday and much was accomplished. Many thanks to (in alphabetical order) Bob Bills, Warren Dorrel, Stan Durnel, newbie Matt Kittle, Wilson Lowe, Fred Rasener, Lonnie Roach, and Steve Wright for their help.

About every project on the list got some attention and Wilson worked on the wall relocation like a rabid bulldog, and with the assistance of Warren and others, that project is history. We fought a lot of wind, as Randy's famous wind meter was pegged all day, but it sure made the paint dry quick. We put on a lot of paint, almost four gallons and you can tell the difference. The new park colors are being used, Black Forest Green and some sort of a taupe tan for buildings and trim. There is some extra paint at the field, so if you are down there and looking for something to do, the airplane benches didn't get painted yet. Also, we are debating about the picnic tables.

Don't forget to sign up to mow, as that can now be accomplished on line at our web site. Again, thanks to everybody that came. We all worked hard and it shows.

AMA – Park Contract

You can access a copy of the AMA contract at our website. We are going to present it to the Park. I would like to vote on that at the next meeting. Please read it if you care to, and if you have any questions, let us know at the next meeting before we vote.

See you at the meeting.

Your President
Bob Kleis, Jr

The VP's Perspective
Club Vice President Mike Bryant

See you all at the next club meeting.

See You Out There
Mike

Meeting Minutes

Fred Rasener – Recording Sec.

**Meeting Minutes
April 20th, 2009**

Meeting called to order at 7:30

Pledge of allegiance

Minutes from last meeting read and accepted

Treasurer's report – read and accepted

OLD BUSINESS

1. don't forget field clean-up/fix-up day, Saturday, April 25th, 9:00am
2. discussed contract Bob got from AMA for our club and the park board, to be put in newsletter for all members to see and discuss and vote on at the next meeting

NEW BUSINESS

1. new member, Matt Kittle from Edinburgh- - welcome aboard Matt
2. the mowing season is on us, new mowing list will be posted in frequency shed for members to sign up for week/weeks they can mow - - - it was suggested to also post list on website so members could easily see what weeks are open
3. we now have a "GOLD CLUB" status, thanks Randy for sending in paperwork
4. if it's raining the weekend of Shoop's flu-in, May 2nd, bring your electrics for flying in pole barn

SHOW AND TELL

1. Ken Erickson talked about "Club 40 Racing", 2 pole pylon racing, using an FP -clone engine that holds the speed down to around 60-65mph - - he's got a Sky Raider (assembled) plus engine ready for your electronics for sale for anyone interested in getting into this type of racing – contact Ken for more details 812-418-8124
2. Bob Kleis had his new "Dragon Fly" electric that he got from Hobby People, looking forward to first flight

MEETING ADJOURNED AT 8:15 pm

From the Editor
Dennis Runge

Hi everybody.

A new mowing chart has been posted in the frequency shed. The next time you're at field take a look and sign up for a week(s) that you can help out and mow at the field. There is also a chart showing the area that we normally mow. I have also put a link on our website that you can log onto as a reminder of the week(s) you signed up for. If you want you can email me with the date(s) you can mow and I will put you on chart. This field is **ALL** of ours; please help to make it a field to be proud of. **HELP OUT!! SIGN UP!! MOW!!**

We are thinking of looking for another venue to hold our swap meet somewhere in Johnson County. If anyone has any suggestions please contact me or any club officer and I will check on the feasibility. Thanks for any help you might have.

JUST A REMINDER: The last club member to leave field remember to make sure shed and restrooms are locked and secure.

Enough said. See you at field. HAPPY FLYING.

Denny

Club Safety
Safety Officer- Steven Maxwell

When working with fiberglass or carbon fiber layups always wear vinyl gloves. They're really cheap and not only will it keep you clean it makes your composite materials easier to handle. Don't use latex, it won't keep the compounds in the epoxy from getting through to your skin.

Always be safe

Steven Maxwell
Safety Officer

*Come see us on
the web!!*

**Sign-up to keep up to date in between meeting happenings. Download Club Newsletters, Fliers etc.
It's a great way to stay in touch!**

(Did I mention it's free & painless?)

Randy's Ramblings
Roving Rptr. - Randy Schwersenska

Hi All

This article should probably be, how to waterproof an airplane.

The last Saturday of April saw dump trucks moving RC dirt track to our field. Only time will tell how this dual purpose field will work out.

Well I got my second eye done. I have never been farsighted in my life. I see I need stronger reading glasses. Now I can see both of us crash and getting close to dark will be brighter now.

My son Bryce said he would like to fly more this summer. HAH consider yourself warned. Hope to see you all at the meeting, if I can make it myself.

The Roving Polish Reporter

Next Meeting:
May 18th, 2009
7:30 PM
at Parks Office or field
if weather permits

Johnson County RC Flyers, Inc.
