Issue 7 – July 2008

**NEXT MEETING**  
**July 21<sup>st</sup>, 7:30**

Hello Club members,

I hope everyone is getting ready for the Warbird contest and the Senior Pattern Contest. I have been under the weather for the last couple of weeks and ended up having minor outpatient surgery last Friday. I will not be present for either flying event. I am actually leaving on vacation and will be gone during this time period. I am sure with the members we have there will be no problems. I wish everybody good luck. I have talk to many members who are getting airplanes ready.

I was sure impressed with the roofing job. Many members pitched in and did the job in only three hours. Mike Bryant, John Coleman, Stan Durnell, Mike Habig, Bob Kleis, Wilson Lowe, Pat Malone, Steve Maxwell, Lonnie Roach, Steve Wright and Dennis Runge helped with the work. Carl Wilson, who was a bit under the weather but came anyway and gave us moral support. It shows the true strength of the club when you have volunteers like this.

Regarding the mowing, it has been going well but we could probably use a few more names to finish out the season. I did it once and it takes two to three hours and is really easy to do. The mower is very acceptable.

Your President

Hi everybody.

Well guys, the “Shingle Party” on the 28<sup>th</sup> to re-single the frequency shed went off with almost not a hitch. The only problem we really had was the brief rain shower that only lasted maybe 15 minutes. We got started at 9:00 and pretty much had everything finished and cleaned up by noon. We had the use of the parks end-loader so the low branches on the trees were even trimmed and hauled away.

I would personally like to thank all those that showed up to help, it made everything go faster and easier. It also left a full afternoon of good flying weather for everybody. Those that showed up to help were; Pat Malone, Steve Maxwell, Mike Bryant, Bob Kleis, Wilson Low, John Coleman, Stan Durnal, Mike(BIG HAMMER) Habig, Lonnie Roach, Steve Wright and me. Carl Wilson showed up to give moral support and also furnished pizza for the crew. THANKS AGAIN VERY MUCH GUYS!!!

**JUST A REMINDER**. The last club member to leave field remember to make sure shed and restrooms are locked and secure.

Enough said. See you at field. HAPPY FLYING.

Well I'd like to say thanks to everyone that helped with the roof I was real surprised at the turnout but very happy to see it. THANKS

Ok safety we didn't have anyone fall or get hurt while re-roofing the shed.( not even a smashed finger I don't think)

Safety as I was always taught from my days at Shell Research in Houston, safety is a way of life not something for some time, it should always be first and foremost no matter what your doing.

Always be safe

Hi All

Well the June Fling Fun Fly is in the record books. Well, I had 13 Flyers sign up but Liz was not a member and she was turned away. 12 flyers made a nice even number. I have an announcement. The Vegas dice roll will not be used again. I'm sure Scott rejoices in this announcement. Going on 3 minutes trying to get an 11 to land, with the quote "What the hell does throwing dice have to do with flying?"

The canned goods were donated to the Lords Cupboard since the original food pantry was flooded and gone in Franklin. The Food bank said the food was needed badly and a perfect time for our donation.

The new smoker performed like it was suppose to. The igniter doesn't work, so don't ask why my arm hair is singe'd.

There is a lesson to be learned. When you drop an egg, don't watch the egg. Instead fly your plane. Danica rekitted her plane on top of her egg. One egg did hit the runway. John Coleman dropped on way to a plane. He cleaned it up immediately. Everybody told me it was great fun. Open flying was announced after FUN-FLY with a few guys waiting patiently. Mr. Microphone seems to be working now, so I guess we don't need a new one.

Everybody get your Warbirds ready and practice your senior pattern maneuvers.....I was told I got our field and SPA contest mentioned on page 106 of the AMA magazine for JULY.
