Issue 9 – Sept. 2011

“Hi Guys”

Well, the Heartnut is in the books and I think every one should be very happy. Kudo's to Wilson Lowe and every one who helped out. It seemed like a good pilot turn out and there were lots of planes in the air, almost nonstop. Lots of spectators. Both days seemed to be a great success. Also worth mentioning was the response that Wilson was able to get from vendors to donate prizes. Very impressive.

I have been thinking, and maybe it is my fault, but we need to get committees together and spread the work around so everyone has a job and not all the work is being done by the same tried and true members. I know that is asking a lot, but we need to make a better effort in the future. The success of this fly in speaks to what can be possible if we are better organized. There are many reasons why a good turn out is good for our club and the hobby.

ELECTIONS - I believe this is the year to have officer elections. Since we don't have a meeting in November, we need to nominate officers before the October meeting and have the election in October. I think I am right about that.

On a personal note, if you were not at the Heartnut, I flew two planes for the first time. An e-flite 30 size Beaver and an electric P-38, wood ARF model with 450 size electric motors and counter rotating props. Both flew pretty well.

Hi Everybody,

Well, the Heartnut Fly is over and it turned out GREAT. We ended up having good weather, even with the overcast skies Saturday morning and a few scattered showers late Sunday afternoon. We ended up having 27 pilots sign up to fly and we had a large group of spectators both days. A big “great job” to our CD for this event, Wilson Low. Thanks to his efforts, and the help of some of our members, this was one of the best events this year. THANKS TO ALL!! Check out face book, Kevin has some good pictures posted. Thanks Kevin.

Let's not forget: the last member to leave the field has to make sure the restrooms and frequency shed are locked and secure.

Enough said. See you at field. HAPPY FLYING.

***Denny***
